

Tugas Docker Part 3

1. Docker Compose

a. Docker up

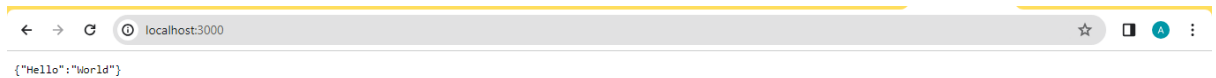

```
User@DESKTOP-19NICRJ MINGW64 ~/Documents/DE_altera/tugas_altera/bahan_tugas_docker/belajar-docker-compose (main)
$ docker compose up -d
[+] Running 3/4
  - Network belajar-docker-compose_default      Created                                4.6s
  ✓ Container my-nginx                          Started                                4.4s
  ✓ Container belajar-docker-compose-hello-world-1 Started                                4.4s
  ✓ Container belajar-docker-compose-hello-budi-1 Started                                4.3s
```

b. Docker down

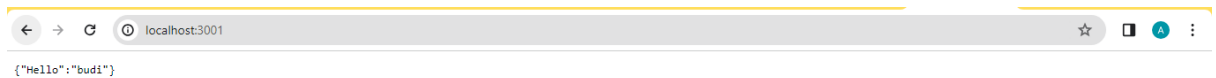

```
User@DESKTOP-19NICRJ MINGW64 ~/Documents/DE_altera/tugas_altera/bahan_tugas_docker/belajar-docker-compose (main)
$ docker compose down
[+] Running 4/4
  ✓ Container my-nginx                          Removed                                0.7s
  ✓ Container belajar-docker-compose-hello-budi-1 Removed                               10.8s
  ✓ Container belajar-docker-compose-hello-world-1 Removed                               10.7s
  ✓ Network belajar-docker-compose_default      Removed                                0.4s
```

2. Result

a. Localhost:3000

b. Localhost:3001

c. Localhost:3002
